TEXAS AND TEXANS.

Dignifies Horse Racing
There is no reason why horse racing in itself should be regarded as a wicked sport. Whatever disrepute is attached to it is due to the fact that it has been made the plaything of the worst type of gamblers. There can hardly be found a higher class of men than the lovers and owners of fine horses who delight to develop and exhibit them on the race track. It is unfortunate that they have not long ago rid racing of the hangers-on whose only interest in horses is that of the gambler. Perhaps the real lovers of horses have not sufficiently realized the harm that was being done by the race-track gamblers, or the questionable practices would have been stopped long ago.
W. T. Waggoner of Fort Worth, is a Texan who loves horses and respects the law. He has spent about \$2,000,000 in acquiring as fine a string of horses as money can buy and in building what is perhaps the best race track in America at Arlington. He calls his place Arlington Downs. He has just put on as splendid a race event as has ever been staged in this country. Through loud-sounding megaphones and placard he had the announcement made that no gambling or drunkenness would be permitted, that the law must be respected, and it was done in such a way that the thousands of visitors at the races knew that Waggoner meant it. Special police were there with instructions to keep their eyes open and to arrest and remove from the grounds any violators of the law. The result is said to be that his wishes were respected to the letter.

Llano Corn Yield
Llano county is in a section of Texas where the rain fall is usually light and it has been lighter than usual this year. Despite the fact, a Llano Country Club boy, working under the direction of the county farm agent, has grown 110 bushels of corn on two acres of land. The cultural methods used should interest all corn growers. The land, a deep sandy soil, was broken in the winter, and bedded and rebudded in preparation for planting. One hundred and fifty pounds of 12-4-4 fertilizer were applied to each acre as the corn was planted. The crop was harvested while small and cultivated shallow three times.
The production expense was \$25.30. At \$1.00 a bushel for the corn, a net profit of \$84.70 was made on the two acres. Other corn in the same field and on the same kind of land, with identical cultivation but no fertilization, yielded only 27 bushels to the acre.
Fort Stockton Creamery
Would you believe it? Look it up on the map. A few years ago Fort Stockton was right in the middle of the leading longhorn cow country in Texas, and a Jersey cow was an unusual sight as an elephant. In two months there will be a model, modern creamery there, and the farmers are reported as being "jubilant" about it. Not very far back a proposal to establish a creamery would have been answered with jeers. Now, \$125. Jersey cows are being shipped into the country.

Dunlay Girl is Fair Queen

Miss Agnes Haby, a resident of Dunlay, Texas, was chosen queen of the Medina county fair which was held at Hondo on Saturday, Sunday and Monday, November 9, 10 and 11. Photograph shows Miss Haby seated on the Dunlay float in the fair, escorted by her pages. The Medina fair was declared one of the most successful in recent years.

MORE ABOUT THE FAIR.
Limitation of both time and space necessarily curtailed our report of the Fair last issue. It is now, for the most part, ancient history in so far as news value is concerned.
Owing, however, to the very large part in its success played by the schools, it would not be out of place to say that in the school exhibits in the one teacher schools, Yellow Bank District 24 won first prize, Enterprise District 34 second, and Riomedina District 2 third. In the two-teacher school, Biry, District 11, won first; Maverick, second and Kincheloe, third place.
In the three-teacher schools, Shook, District 10, won first; Black Creek, District 12, second.
In the five-teacher schools, first place, District 3, LaCoste High School. Group B, first place, Natalia; High School Group A, first place, Hondo; Mexican Catholic, first place; St. John's School, first place. Some original and attractive school exhibits were: soap carving in Maverick; products in capsules on product maps, in Vanderberg; Kincheloe, the Lake Dwellers; Riomedina, decorated glass work; Our Lady of Sorrows (Mexican), needlework; Biry Girls' Sewing Club; Yellowbank, house of cereals; Enterprise, Landing of Columbus; Biry, model playground equipment; Seco surface, railroad, product and school maps; Shook, U.

S. Flag with stripes named for the original states.
The items that follow are published at the request of interested parties.
AN INTERESTING GUESSING GAME.
Among the interesting exhibits at the Fair was one by Nagel Brothers of Fredericksburg, the granite monument builders. All visitors to their booth were asked to register a guess at the weight of a polished ball of granite. There was a wide variety of guesses, running from a few pounds up to several hundred.
The ball was weighed on the last day of the fair and its actual weight was 81 pounds. No one had guessed the exact weight but the winners were H. V. Haass, Leo Schweers and Mrs. Kate Leinweber in the order named, each one guessing 80 pounds.
STATE HEALTH NURSE HERE.
A Child Welfare booth was maintained during the three days of the Fair with Mrs. Edward Cameron in charge. Through Mrs. Cameron's efforts a state health nurse, Miss Lucile Stone of Uvalde County, was induced to come here and much useful information on care and feeding of infants and school children was given mothers, especially young mothers, and it is hoped a great deal

of good will come of Miss Stone's stay here. Some 150 children were examined and the most perfect baby was found to be little Charlotte Wurzbach, six months old daughter of Mr. and Mrs. Milton Wurzbach of Cliff. According to the Uvalde Leader News, Miss Stone was loaned to Medina County during the Fair, Uvalde County having her permanently employed to look after the welfare of the children of that county.
CLUB BOY TELLS ABOUT HIS PIGS.
County Agent C. M. Merritt selected two fine bred Duroc pigs for Ralph J. Graff, son of Mr. and Mrs. A. J. Graff, to feed as club pigs for the Medina Fair Exhibit. When put on feed on September 7, these two pigs weighed 175 pounds combined weight. These pigs were cared for and fed according to Mr. Merritt's advice. They were fed 62 days on the evening of November 7, their combined weight was 501 pounds, making a gain of 326 pounds. The purchase price September 7 was \$10.40; cost of feed, \$14.67; labor, at 20 cents per hour, was \$6.20; veterinary treatment, \$2.00; total expense was \$33.37.
On the last day of the Fair, bids were opened for anybody who wished to bid on all the club pigs on the grounds, sealed bids to be closed at 5 o'clock p. m. When bids were opened (Continued on page 6.)

Make Racing Respectable
In pointing the way to making horse racing a popular sport and unobjectionable even to the most critical churchman, W. T. Waggoner has done a truly great service. It now remains for the State to take a hand in such a way that lovers of fine horses may be assured that racing will be made as respectable a pastime as ball playing or other athletic sports. It can be done if the right machinery is only set up and Mr. Waggoner has shown that this will not be difficult.
Texas climate, Texas soil and Texas grasses are said to surpass even those of the famous blue grass region of Kentucky for raising, developing and training horses and with a little legislative assistance Texas can be made noted the world over for its horses. There are hundreds of horse lovers in Texas who have the money to bring this about if only they are assured that the State will do its part to assist them in safeguarding the race tracks from the baneful influence of gamblers and other law breakers.
Maybe you have guessed that the writer of this column is a former Kentuckian. Well, he is, and is also a member of an orthodox church.

Texas Millionaires
Figuring on the basis of income taxes, Federal treasury actuaries find that Texas has 481 millionaires, and 13 super-millionaires. Those whose holdings and investments yield them \$50,000 a year are classed as millionaires, and those who have annual incomes ranging from \$500,000 to \$2,000,000 a year are placed in the list of super-millionaires. Not many country editors, columnists or "dirt" farmers are ever caught in either class.
Leading Cotton County
Ginnings made to date this year show that Nueces County, Texas, leads the entire South in cotton production with 122,646 bales. Bolivar County, Miss., comes next with 113,492 bales. The ten counties leading in cotton have produced in excess of 70,000 bales each. Of these, seven are in Texas and three in Miss. Arkansas is a poor third with 57,554 bales grown in one county.

John Robert Wilson, after a several weeks' visit here with his parents, Mr. and Mrs. Isaac Wilson, left Wednesday night for El Paso where he will join a friend and together they will make the trip back to California.
Mrs. Elisa Graff was taken to a San Antonio hospital Monday for observation by specialists, who postponed operating for several weeks. Mrs. L. A. Mechler, accompanied her mother to San Antonio and has been at her bedside all week.
We are servants of the people and with our equipment our territory is any where. Please ring us when our services are needed. Jno. A. Horger, Funeral Director, Hondo, Phone 75.
If you have cold feet get an army canteen which makes a good hot water bottle, 45c at H. S. Bulgerin's. Read the Anvil Herald's ads.

Burnet Lead Mines
Burnet county is rich in many things. Its granite appears to be a source of inexhaustible wealth. Its cedar has made fortunes for a number of men. There is enough rock in the county, if quarried to employ an army of laborers for many years. There are rumors of discovery of silver and copper and other minerals in immense quantities. A lead mine has been successfully operated for several years and another is being uncovered that is expected to yield still richer returns. The new lead mine plant is reported to be of sufficient capacity to produce 40 tons of ore a day and will give employment to day and night shifts of 40 men each.
Pecan Marketing Organization
A great need of the pecan industry in Texas is a workable marketing association. At the recent meeting of the West Texas Pecan Growers' Association plans were started for the early formation of such an organization. A meeting is to be held at Bend, San Saba county, December 10, at which ten of the leading pecan growing counties of Texas will have representation, looking to the creation of a co-operative marketing plan. The counties that will be represented are Brown, Tom Green, Kimble, Mason, Lampasas, Uvalde, Wharton, Gonzales, San Saba, Guadalupe and such other as may be sufficiently interested to send delegates to the meeting.

Menard Grows and Plans
Menard now has a complete water and sewage system and is paving about 30 blocks of city streets. Future plans contemplate a high school building commensurate with the growth of the town and a court house to meet the present requirements. The town proudly puts forth the claim that it is the best lighted and best paved city of its size in Texas, and invites any who may doubt the statement to "come and see."
Texas Health Resorts
Texas has a number of health resorts, but whenever a Texan thinks of going anywhere for his health his first thought is of Mineral Wells. "There is a reason." Mineral Wells is one place in Texas that has persisted in proclaiming its advantages year after year and has not quit just because a season or two may have been dull. The place that has something worth telling about should "keep everlastingly at it."

It is no longer considered extravagant for women, nor men, to have their face and hair taken care of by an operator, because results are more satisfactory than home treatment. Flabby skin, muscles, large pores and tired nerves need strengthening by Facial and Scalp treatments at The Ladies Beauty Shoppe. 12-tf

QUIHI NOTES.

"Bless the Lord, O my soul; and all that is within me, bless His holy name. Bless the Lord, O my soul, and forget not all His benefits." Psalms 103: 1 and 2.

Sunday morning at 10 o'clock reformation service will be held in St. John's Lutheran church at New Fountain. The holy communion will be celebrated in this service. All are cordially invited to this and all services in this church.

Divine service in the English tongue will be held in Bethlehem Lutheran church Sunday night at 7 o'clock. All are invited to this service and kindly requested to bring your English hymnbooks with them.

On Thanksgiving day divine service will be held in Bethlehem Lutheran church at 10 o'clock a. m. Please note the time and come with your neighbors and friends and worship the Lord.

All are kindly requested to come to Bethlehem Lutheran church next Tuesday afternoon to fittingly decorate the church for the Thanksgiving day service, and also to assist the Bazaar Committee to arrange, decorate and fit up the parish hall and do all else necessary for the opening of the bazaar on Thanksgiving day.

The bazaar which the ladies of Bethlehem and St. John's Lutheran churches of Quihi and New Fountain will have on Thanksgiving day will open at 1:30 p. m. An interesting display of all sorts of donated articles will be auctioned off. Hot coffee, barbecued meat lunches and other good eats and drinks will be provided for all who desire refreshments. At 7 o'clock at night a splendid program will be given on the patio of the parish hall. Aside of several selections by the church choir under the direction of Mr. Edwin Grell, a fine selection will be given by the Quihi Male Chorus led by Mr. Otto Lindeburg; declamations by Miss Florence Grell and Master John Schulte; interesting reading by Misses Bessie Hartmann and Ela Boehle; a classic vocal selection by Miss Anna Schuehle and another by Mrs. Andrew Schweers, while Miss Elline Saathoff will render one of choice instrumental selections. The climax of the program will be an address by the Rev. E. W. Dechert of New Fountain. All are cordially invited to come and enjoy all the good and interesting things this bazaar has in store for them. Come and bring your friends and neighbors with you.

STATE COLLEGE QUARTETTE OF SAN MARCOS.

College Quartette Number Two of the State College, San Marcos will sing a full sacred concert in the First Methodist Church Sunday morning, November 24, at eleven o'clock promptly. It will be remembered that the Glee Club of this college sang in Hondo High School nearly two years ago.

The quartette is one of the highest rating organizations of its kind in Texas. The boys are each soloists and their ensemble singing is much more than can be expected of young college men, such as these are. Their work has received the finest commendation in every place they have sung and during five years, this programme has been sung in some three hundred churches.

Who does not like to hear a male quartette sing, good or bad? Now when a real one comes along where is there going to be space to seat the people? These boys are real singers and they have a programme that will interest the old and young alike and really make them see life in a new light.

A free will offering will be taken at the close of the programme which is used above expenses to apply on the college education of the quartette members. Is it not a fine thing that young men are developing their talents and at the same time helping thousands of people over Texas, while even attending college? You people love young people, so come and hear these young fellows sing their very wonderful programme and

then give an individual offering that in your heart you feel is worthy and send the boys away happy and with something to help them in a material way.

The personnel is Boyd Caffey, tenor of Anson, Robert Stroble, second tenor of San Marcos, Robert Sample, baritone of Caldwell, and Broadus Smith of Temple, the bass.

Following is the programme: Song Sermon—Theme, "Heaven" I. Introductory Worship II. Congregational Hymn: Holy, Holy, Holy; Dykes.

2. Scripture Reading (from Revelations 21) Pastor.

3. Prayer.

4. Announcements.

5. Congregational Song: When the Roll is Called; Black.

II. Longing for Heaven (three minute discussion by Pastor).

1. Quartette: One Sweetly Solemn Thought; Ambrose.

2. Quartette: Shall I Crucify My Savior; Tullar.

3. Solo: No Disappointments in Heaven; Lehman.

III. The Passing Over (three minute discussion by Pastor).

1. Quartette: No Shadows Yonder (The Holy City); Gaul.

2. Quartette: Cast Thy Burdens on the Lord (Elijah); Mendelssohn.

3. Quartette: Jesus, Savior, Pilot Me; Gould.

4. Solo: Think on Thy Way; Gabriel.

IV. Meeting Loved Ones (three minute discussion by Pastor).

1. Quartette: Looking This Way;

wiches, pecan wafers and coffee were served to the club guests and following members: Mesdames A. M. Rath, Ed. Finger, John Rieber, Hy. Biry and Eric Rothe and Misses Grace Zinsmeyer, Agnes Rothe, Cornelia Koch, Carrie Langfeld and Dora Saathoff.

SOCIAL CLUB.

Mrs. Arnold Finger was hostess to the Social Club on Thursday afternoon of last week. In the games of 42 Mrs. Ben Koch held high tally and received a bouquet of artificial flowers; Mrs. Biry drew high for consolation, a salad set; and Mrs. Finger received the booby.

A delicious salad course was served to Mesdames Ed. Finger, Henry Biry, W. E. Albrecht, H. L. Muennink, Eric Rothe, Reily Carle, O. J. Reinhart, Matt Koch, Ben Koch, Misses Lucy Rothe, Agnes Rothe Nettie Rieber and the hostess.

HINAKA CLUB.

The Hinakas motored to the home of Miss Agnes Rothe Tuesday for an evening at auction bridge. Miss Sarah Rothe, with high score, received a set of attractive lingerie, and Miss Nettie Rieber cut high for a set of powder puffs.

Those present were: Misses Cornelia Koch, Lucy Rothe, Lucine Finger, Loretta Koch, Josie Rothe, Nettie Rieber, Sarah Rothe, Grace Zinsmeyer and the hostess. Sandwiches, salad and hot chocolate were served.

Miss Alyce Lancaster of Ft. Sam Houston and Miss Cecile Braden of San Antonio were guests at the home of Mr. and Mrs. H. C. Rothe during the County Fair.

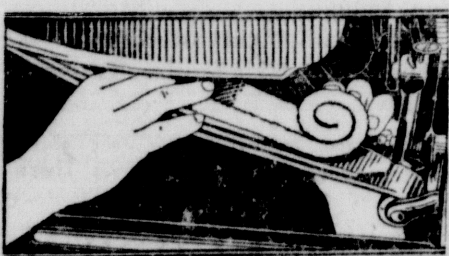

three first downs made on the march, Windrow made 20 yards on one run and Jones completed a pass for 18 yards. Taking Devine's punt on the 37-yard line the Owls began another march that netted three first downs and with 30 seconds to play Windrow went around right end for 6 yards and touchdown. Windrow placekicked goal for the extra point. Score, Hondo 7; Devine 0.

Second Half

After making a first down Devine surrendered the ball to Hondo and the Owls mixed a pass to Wilson for 15 yards, several short passes, end runs and line plunges for four first downs and to put the ball on the 2-inch line. Windrow bucked the ball over and then placekicked goal to give Hondo a 14 to 0 lead.

Until one minute of the quarter the teams indulged in a punting duel with the Owls gaining a few yards on each exchange, then Devine broke loose to complete three passes for 27 yards and a pair of first downs. The warhorses continued their passing attack and made two first downs

PRESIDENT OF BIG FIRM NOW ENDORSES SARGON

"At the age of 79 I'm still active in business, and I attribute my splendid energy and vitality to Sargon. I believe it added years to my life."

DAVID S. BEEKMAN

"Before I took Sargon my health had been failing steadily for five years. What I ate soured almost as soon as it reached my stomach. My nerves were all to pieces and I hardly ever got a good night's sleep. I was continually bothered with constipation and biliousness. I tried many medicines but kept losing weight and getting weaker every day. I thought I would have to give up my business, which would have cost me thousands of dollars."

"Six bottles of Sargon made me like a different man. If I have an ailment left I don't know it. My appetite is keen, all trace of stomach trouble is gone, and I sleep like a top. I've gained seven pounds and feel as well and strong as I did 25 years ago. I go to my office every morning ready for a real day's work. It's a pleasure to endorse this remarkable treatment."—David S. Beekman, President Beekman Steel Fence Co., San Francisco.

Just like MONEY in the bank

Two major qualities of the Pontiac Big Six—its reliability and long life—offer motorists a definite cash advantage which is just like money in the bank. For they increase still further the demand for used Pontiacs—which means that the Pontiac Big Six you buy today will have a high resale value when you are ready to turn it in. . . . Investigate the features which contribute to this reliability and long life—such as the Harmonic Balancer, the adjustable pressure feed lubricating system, and the crankcase ventilation system. Come in today and let us show you all of the wonderful advantages offered by the Pontiac Big Six.

SOME AFTERMATH OF THE SABINAL-HONDO FOOTBALL GAME.

Some of the Directors of the Fair
are somewhat perturbed over the
communication carried in last issue
in reference to the Sabinal-Hondo
football game at the Fair Grounds
on November 11. From them we
also learn that there is some dis-
satisfaction in both the Hondo and
the Sabinal teams with some feature
—they have not said what—of the
report.

That neither may be subjected to
unjust stricture, we cheerfully ex-
onerate both of any responsibility
for it.

While the game was played on the
Fair grounds our correspondent was
not only not an official spokesman
for the Directors but not even a
guest of the Fair management. He
was present on a paid admission
ticket. And the only concern it is of
the management is to be cleared of
responsibility for it. And that is
here cheerfully granted. And while
he was a guest of the Hondo ball
team on the field, the young man
informs us that he wrote the offend-
ing article on his own responsibility
and without "coaching" from any
one.

We accepted it as we do all other
communications in good faith and are
personally and the only one responsi-
ble for its publication and have no
intention or desire to shirk it.

A re-reading of the article—after
the hurry and rush of getting out
that issue of the paper—discloses
that our proofreading allowed a
statement to pass which reflects upon
the sportsmanship of the team as a
whole. The young man assures us
this was foreign to his intentions.
This oversight is regretted more by
the writer of this than it can be by
any one else—as our only interest
in the entire matter was to give a
truthful report of facts and we are
sure no such stricture could be de-
served, although we did not see the
game and know none of the Sabinal
players, and the offending term
would have been deleted had it not
passed through oversight.

We feel sure that this explanation
will satisfy any gentleman, who feels
himself aggrieved, that the editor of
this paper has no prejudice or bias
against him and feels no cause or
desire to reflect unfairly upon any
one—and least of all on those en-
gaged in a game about which he
cared too little to witness and a sport
in which he personally has absolutely
no interest save as it furnishes news.

As to the young man who re-
ported the game, if he needs any, his
friendship for those whose guest he
was must be his excuse for any,
seeming or otherwise, bias in favor
of that team and his love for clean
sport, as he sees it, his defense for
any criticism that may seem too
severe. Surely true sportsmanship
can accord him no less a privilege.

Although the young man is a me-
chanic in our shop, he earns his
time off to attend the sports events
by zealously working over time, and
writes his reports on his own time
for his love of the sport and the
practice it affords him, and we accept
his reports from him as a contribu-
tion as we would from any other con-
tributor. This much by way of as-
surance to any one not satisfied with
this explanation of the matter, that
the columns of this paper are open
to any version of your own as to
the facts which you may wish to
furnish, so long as couched in print-
able terms and presented in a gentle-
manly way.

PARENT-TEACHER ASSOCIA- TION.

The postponed meeting of the P. T.
A. was held at the school auditorium
Monday afternoon, November 18,
with Mrs. E. J. Leinweber, presiding.

After a short program, consisting
of a song by the 2nd grade, a piano
solo by Frances Ruth Fly, a reading
solo by Doris Windrow and a vocal solo
by Mrs. Roland Gaines, the president
introduced a representative of the
Giant Manufacturing Co., who spoke
about playground equipment, the
merits of the different articles put
out by his company and the prices at
which they could be obtained. He
also discussed means of making
money. Owing to the depleted condi-
tion of the treasury, no action was
taken in regard to playground equip-
ment.

The treasurer, Mrs. T. B. Hollo-
way, reported a balance of \$55.14
on hand, with numerous bills and the
annual Federation dues still unpaid.
Miss Wey expressed her thanks to
the mothers who assisted her in de-
corating the High School float.

Mrs. Leinweber read a list of the
things most desired and most need-
ed by the different rooms. There
were more requests for books than
for anything else, though the re-
quests varied—some grades asking
only for "a couple of picture frames
so that they might hang the few
pictures they have." "A couple of
chairs" was the cry of another grade,
while a radio would be the accept-
able gift to another.

The association decided to wait
until after the holidays to discuss
means of raising funds to carry on
next year's work.

In the count for the book; given
by the hostess for the afternoon for
the best represented grade, the 8th
grade won with 7 mothers present.

Superintendent Barry spoke brief-
ly along athletic lines and the prob-
lems to be met and solved along this
line. Mr. Barry also gave out the
information that the law would re-
quire the employment of a teacher
of Physical Education for next year.

At the close of the evening, Mrs.
C. P. Monkhouse, hostess, and her
assistants served delicious nut pie
with whipped cream and hot tea to
the assembled members.

TO OUR MOVIE FANS.

To those of our readers who have
accustomed themselves to look in
this corner each week to learn what
the Colonial has in store for them by
way of entertainment, it is needless
to say that it is to be found in an
entire separate section of the paper
this week—and such a lot of good
things it is, too! So much has been
provided for the near future—that
in movies and talks—that the
Colonial management takes a whole
four-page section to tell all about it.
We are sure you will read it all.

This paper congratulates the
Colonial on its progress and its suc-
cess. And most of all we congrat-
ulate it on the evidence of good will
afforded by the congratulations of
so many of its local business com-
peers as shown by their co-opera-
tive ads in the Movie Section.

But particularly do we congrat-
ulate the people of Hondo and vicinity
on having a picture show man-
agement able to give the public the best
that is to be had, and with confi-
dence enough in the future of our
community to back up with their
money their desire to serve.

Sixth Anniversary Initiates Talkies At Colonial Theatre

Secretary-Manager

General Announcement of Talkies to Entire Public Nov. 23rd

President

REMAINED CLOSED WEEK
MAKING IMPROVEMENT;
ARRANGING FOR BIRTHDAY

The Colonial was closed on November 18, 19, 20, 21 and 22 to prepare for its 6th anniversary. Improvements were made in the talking equipment, re-wiring and re-arranging. New motors were installed and a few other minor adjustments made to make entertainment more enjoyable for you. Bear with them and know, they have you in consideration.

When a Promise Was Made Five
Years Ago, Best Provided;
Result---Success

Announcement will be made soon of even more startling developments in the new show world. The Colonial is now prepared to keep pace of the times and to offer you entertainment on a par with that presented anywhere. Arrangements have been made to present all the finest products as soon after release date as it is humanly possible and this is our assurance to all that nothing will be left undone to make your Colonial the pinnacle of entertainment in this territory.

When the Colonial Theatre Company, entered the motion picture business in 1924 their ambition was to give Hondo the best that local conditions would justify—even more. They have made improvements from time to time that have added greatly

to its patrons' comfort and enjoyment.

First, the equipment purchased was the best the market afforded and the same as found in the best theatres in our cities. After the Colonial had been operating about one year the patronage had grown to such an extent that more room was needed to accommodate the patrons, therefore, the building was lengthened, and new opera chairs purchased. The next improvement was the beautiful new front, which added greatly to the building's appearance. No expense has been spared to give the public a theatre comfortably arranged and furnished, and no effort has been spared to see that the best pictures on the market

SILENCE NECESSARY FOR
SUCCESSFUL SHOWING OF
ANY "TALKIE" PICTURE

Silence is requested in practically every theatre in the world, due to the fact that the least whisper at the wrong time can cause a patron to lose much in the picture. A person goes to the movies to see and hear and be entertained. There is not much entertainment when whispering, shuffling of feet, chewing gum, and such like are in operation. Restless babies often create confusion when the parents could easily move and make some special effort to satisfy its ailments. The large theatres guard this very closely and demand silence.

this territory are countless in number.

The new show world has engulfed the entire industry—mighty resources, the most brilliant minds of the world, entertainers from all countries on the globe, the world's most modern studios working night and day to furnish the demand for the greatest entertainment the public has ever known. And heading this new show world is one of the oldest names in the motion picture industry—"Paramount." Many times have you read the slogan, "If it's a Paramount picture, it's the best show in town"—and now that wording takes on a new meaning.

Under our Paramount contract we will present, within the near future, Harold Lloyd in his first talking picture, "Welcome Danger"; Moran & Mack, the two Black Crows, in "Why Bring That Up?"; Clara Bow in four all-talking pictures, the first one being "The Saturday Night Kid"; Buddy Rogers and Nancy Carroll in "Illusion"; George Bancroft in four all-talking big star specials, the first being "The Mighty"; Dennis King, the greatest of romantic singing stars, in "The Vagabond King"; Maurice Chevalier in two big singing and talking productions; the Ernest Lubitsch super-productions, "The Love Parade"; Buddy Rogers in three all-talking pictures; the all-talking action special "The Virginian," with Gray Cooper, Richard Arlen and Mary Brian; Florenz Ziegfeld's "Glorifying the American Girl"; William Powell in three all-talking star dramas; Gray Cooper in two all-talking action pictures; Nancy Carroll in a musical romance of campus life, "Sweetie"; "The Four Feathers," with William Powell, Richard Arlen, Fay Wray, Noah Beery and Clive Brook; Richard Arlen in "The Lost God," from the adventure story by John Russell; Gertrude Lawrence, the dazzling musical comedy star, in "The Gay Lady"; Helen Kane in the talking song romance of Broadway, "Pointed Heels"; four talking, sing-

Universal Program
Signed for Hondo

Twelve Million Dollars Worth of Universal Motion Pictures Bought by Jennings & Gilliam of the Colonial Theatre Including "Show Boat," "Broadway," "King of Jazz" and the Greatest Talking, Singing Stars

Hondo is assured of having the cream of moving picture productions for the fall and winter of 1929 and the spring and summer of 1930. By the terms of a contract entered into last week between Jennings & Gilliam of the Colonial Theatre and R. I. Payne, representative of the Universal Pictures Corporation, the entire line-up of pictures of the Universal studios in California has been contracted for the Colonial Theatre.

To make next season's program of pictures, Carl Laemmle, president of Universal, has set aside a budget of twelve million dollars which, with the unexcelled sound and talking facilities recently installed in the studios, will be translated into the most imposing and impressive line-up that Universal has ever announced. Already the entire country is talking two productions which have been completed and are ready to play,—"Show Boat," with which Mr. Laemmle consolidated the high spots of Florenz Ziegfeld's famous production in New York at an unprecedented monetary consideration; "Broadway," the show which Jed Harris produced in New York and which ran for two years.

In announcing the record breaking schedule of 332 pictures, ranging in length from twelve-reel Super productions to single reel comedies, it was stated that the entire program will be dedicated to Mr. Carl Laemmle, on his twenty years as a moving picture producer. It is interesting to note, too, that these twelve million dollars' worth of pictures will be produced by his son, Carl Laemmle, Jr., who was one year old when his father began to produce and who

is now in charge of all production at the Universal City studios.

Laura La Plante and Joseph Schildkraut, under the capable direction of Harry Pollard, have greatly increased their popularity and theatrical stature by reason of the preliminary success which Edna Ferber's wonderful story of "Show Boat" has already achieved. It opened in the hot weeks of summer at Palm Beach and Miami, and immediately the news of its tremendous entertainment value spread like wildfire throughout the United States.

"Broadway," has played in New York and Los Angeles, and has sufficiently shown the capabilities of Glenn Tryon, who plays the hooper, and of Merna Kennedy, to warrant the Universal in announcing them as a stellar team. "Broadway" has also demonstrated the significant abilities of Carl Laemmle, Jr., as a visualizer of moving picture material and a handler of men and of the forces which go to make up moving picture entertainment. Paul Fejos handled the production so capably that he was given the assignment to direct Paul Whiteman, the outstanding figure in music, in the third Universal Super, "The King of Jazz," which is going into production very soon at Universal City.

The program includes six Carl Laemmle Specials of almost Super importance. They are "The Storm," a new version of Langdon McCormick's famous play, which is a landmark in moving picture attractions; "Men in Her Life" by Warner Fabian, which was written especially for Universal, started serially in Romance Magazine of September and will be brought out in December in Book form by Boni & Liveright; "The Cohens and Kellys in Scotland," the fourth of the "Cohens and Kellys" series, and with the original cast which made "The Cohens and Kellys" great—George Sidney and Charlie Murray; "The Last Performance" by James Creelman, rising young New York playwright, co-starring Conrad Veidt and Mary Philbin and featuring Fred MacKaye and Leslie Fenton and "The Shannons of Broadway," James Gleason's stage hit of last year, with James Gleason himself and Lucille Webster Gleason.

Because of its foresight in view of the new conditions of sound, dialogue and music, Universal is plentifully supplied with stars of the new order, and with them it will make twenty-four star productions.

Laura La Plante, whose reputation is gaining amazing proportions, will be starred in "Soft Shoulders" and "Kiss Proof." John Boles, whom Universal acquired as a star after he had so successfully appeared in "We Americans," will be starred in two, both of them musical dramas, John Boles, at the present moment, through his work in "The Desert Song" and "Rio Rita," for which productions Universal graciously loaned him, is the outstanding musical star

ONIAL OFFERS THE NEW
SHOW WORLD IN SOUND.

new era in entertainment has
born—a new show world—mo-
tion pictures take on new life—talk-
ing, singing, dancing, flashing with
new faces, new voices—the
motion pictures, radio and
are wedded. And the Colonial
the ranks of thousands of the
theatres of the country in pre-
t to offer to its patrons all that
it in this great new entertain-
ment world. Truly, Broadway is now
ing around the world, and the
ses, thrills and sights that are
ioned up to the people of

in pictures today. He will make two pictures for this program, "The Song of Passion" and "Moonlight Madness."

Joseph Schildkraut is another star whom Universal is very fortunate to have under contract at a time when voices are playing such a tremendous part in moving picture entertainment. When he was signed up for the Ravenal in "Show Boat," moving pictures little guessed how moving picture production was to be revolutionized by players who had screenable voices as well as faces. Schildkraut has both, and there is no finer demonstration of his remarkable ability than "Show Boat" offers. Schildkraut will make three pictures for the Universal program, "The Man About Town," "The Bachelor Husband," and "The Mississippi Gambler." Reginald Denny, too, is coming into his own with the advent of sound pictures. He has long been an outstanding star of the silent drama and now that it has found its voice, his talents as a legitimate actor and singer are doubly valuable to Universal. Denny will make "Embarassing Moments" and "One Hysterical Night."

Mary Nolan, who will blossom out as a star in four Universal productions next year, will bring to the screen an exotic personality which could only reach its fullness through the introduction of sound pictures. Two years ago she was playing in Berlin and her exquisite blondeness, and vivacity, commended her to a number of American producers. Universal was fortunate enough to secure her services. The titles of her pictures are "Bay Bary Coast," "The Come-on Girl," "Ladies in Love" and "Shanghai Lady."

Of the twenty-three pictures, five of them will be made by co-starring teams. Glenn Tryon and Merna Kennedy, who are featured in "Broadway," will appear in "Barnum Was Right," "Anything Goes" and "The Times Square Kid," while George Lewis, so popular in "The College Years" and "College Love," co-starred with Barbara Kent of "Lonesome" fame, will make two,—"Flaming Daughters" and "Keep On Dancing." Four all-star talking productions complete this Laemmle Special List. They are "The Drake Case," a murder trial sensation; "The Climax," a picturization of the famous stage play by Edward Locke; "Brawn of the Sea" by Garret Fort and "She Bel-

ongs to Me" by Paul Sydney.

Hoot Gibson, Universal's wonderful cowboy actor, will make eight sound productions, entitled "Rodeo Days," "Hand 'Em Over," "The Acre Rider," "The Montana Kid," "Howdy Cowboy," "The Mounted Stranger," "The Long Trail" and "Galloping Winds." While Ken Maynard, equally well known, but a new feature of the Universal program, will also make eight. The titles are "The Wagon Master," "Lucky Larkin," "Songs of the Saddle," "Hidden Valley," "Tall Timber," "The Lost Canyon," "The Trail of the Pack" and "Crimson Courage." They also will be in full dialogue and some of them have unique musical interpolations.

The features of the Short Product, as the pictures in one or two reels are called, will include the Rooneys, Benny Rubin, Sunny Jim, familiar to moving picture audiences heretofore as "Snookums," little Bobby Nelson, who appeared so successfully in the first Tarzan serial, and "Oswald," the Rabbit.

As heretofore, Universal will release two issues a week of newsreel, only this year for the first time in ten years it will be its own news reel, made in conjunction with the most powerful group of newspapers in the world. It will be called the Universal Newsreel and its news gathering forces have already been engaged in every capital of Europe. It will be edited by Sam B. Jacobson.

Within the past year, Universal, which was organized as a company in 1912, has achieved a unique distinction. It is the one great independent factory in the moving picture field, unallied with any other moving picture company or with any financial power of Wall Street, and today it stands more independent than it has ever been before. In the twenty years in which Carl Laemmle has been producing pictures, this independence has cost him in money because with his own independence he has fought for independence. Competition, changes, monopoly, mergers, have passed over his head as storms sweep over a strong oak tree, until from the little acorn the company has grown to its present strong and established position, with offices in every large city of the United States and in every capital in Europe, Asia, Africa, Australia and South America. Managers of Colonial are to be congratulated for bringing to Hondo the assured product of this outstanding Universal program.

HOOT GIBSON and SALLY EILERS in "THE LONG LONG TRAIL" A UNIVERSAL PICTURE

HORSEPLAY AND HORSEMAN-SHIP GO TOGETHER IN WEST-ERN PICTURES, SAYS STAR

Humor is an essential part of all good western pictures, according to Hoot Gibson, whose latest Universal thriller, "The Long, Long Trail," comes to the Colonial Theatre November 23.

Gibson has created his own type of western picture, which is always well spiced with humor and free from melodramatic exaggeration.

"The old West has its own particular brand of humor," said Gibson, "and we are merely serving the interests of reality when we inject it into pictures. Western humor as a rule was of a dry nature, well illustrated, for instance, in Owen Winter's 'Virginian.'"

"Horseplay also had its part in cowboy life, the pests being boisterous but harmless. Many of them may sound childish when enumerated," said Gibson, "but they all go to make up the general atmosphere."

In addition to humor, there is plenty of action in "The Long, Long Trail." Gibson is at his hard-riding best in this picture. On the romantic

side there is charming Sally Eilers, and the strong cast includes Kathryn McGuire, James Mason, Archie Ricks, Walter Brennan and Howard Truesdell.

The picture was directed by Arthur Rosson. It is Hoot's first talking picture.

E. R. LEINWEBER CO. CARRIES COMPLETE LINE OF LADIES' SILKS.

Since the trend is toward ready-to-wear in ladies' garments of every kind, the Leinweber store has kept pace with the times and now carries very complete stocks of things milady likes.

Their stock of Silk Dresses features the newest in styles and materials while their stock of the famous Phoenix Hosiery is to be favorably compared with those of many of the larger city stores.

This progressive store features the Munsingwear line of Ladies' Silk underwear and carries many attractive numbers in Bloomers, Step-ins, Pajamas and Robes.

It is their constant aim to carry only such merchandise as will give the customer the utmost of service.

JENNINGS ADDS NEW SIGN; SUCCESSFUL AS TAILOR

A beautiful new sign done in blue smalts glass with a background of silver matalic for the lettering now adds to the attraction of the front of Jennings'. An evening gown looms out in silver tinsil matalics shaded with blue and gold flower. On the opposite end of the sign is a shirt done in tinsils, with a necktie done in blue glass smalts. When the sun or light contacts with the sign it dangles and shows a sign of taste and beauty.

Business of Interest

Jennings has been a success in Hondo, coming to these parts on New Year's Day 1920, just 9 years and 11 months ago. Mr. Jennings

brought the cleaning and tailoring knowledge with him, he having been connected with the business all his life and learning the profession under his father, a man with 35 years of experience in the steam laundry business. Mr. Jennings' father was also connected with the motion picture business, operating the first moving picture show in Denison, Texas.

Furnishings

One of the smartest lines of young men's wear can be seen at Jennings'. Arrow Brand Shirts, underwear, handkerchiefs, interwoven hose, wrinkleless neckwear, Worth hats, in other words, its a young man's store with plenty of snap. This department is operated by Mr. H. Crow, who has full charge.

Plant

Jennings boasts one of the best little plants in the country, a continuous flow system and a battery of presses. Presses for men's clothing and presses for ladies' garments. Also a unit of steam and puff irons. He employs a steady force of five people and as many as eight during rush seasons.

Joan Bennett Plays Opposite Him in Colorful Romance Drama of the Faddie-Wheel Days

The management of the Colonial Theatre announces the presentation on December 5 of Joseph Schildkraut in the all-talking Universal special, "The Mississippi Gambler."

In "The Mississippi Gambler" Schildkraut plays the role of a colorful, picturesque gambler on the stern-wheel packets of the Civil War period—a role which, though entirely different both in characterization and story from the glamorous Ravenal in "Show Boat" which definitely stamped him as possibly the most romantic actor now on the screen, still retains the tremendous appeal of that role without in any wise being a repetition of it.

Beautiful Joan Bennett, widely hailed as one of the younger "finds" of the screen, supports Schildkraut in the leading feminine part, that of Lady Blackburn, the "thorough-

bred" daughter of an aristocratic Southerner, whose ladylike "game-ness" leads to one of the most uniquely dramatic climaxes ever screened.

Carmelita Geraghty, Alec E. Francis, Otis Harlan, Billy Welsh and other equally famous names round out an especially outstanding cast, all of whom lend both enchantment and drama to the natural glamor of the picturized Mississippi, replete with colorful personalities, intriguing period history, and especially effective signing and sound effects.

Because of the lavishness of the settings used in the picture, it was necessary, besides using the stern-wheel packets on the river for the exterior scenes, to construct at the studio a complete boat where the entrancingly beautiful costume ball, the interior cabin gambling scene, and the more intimate interior shots were made.

The direction was by Reginald Barker, a veteran of the megaphone responsible for countless screen successes, and the photography by Gilbert Warrenton, the cinematographer of "Show Boat."

INSTALLATION METHODS OF SYNCRODISK SYSTEM EXPLAINED FOR PATRONS

Discussed to Give Understanding of Its Operation to Theatre Attenders

By A. C. Moore

Syncrodisk Research Dept.

That there may be realized the full advantage which a Syncrodisk Sound System can bring to a theatre each installation is planned and directed by engineers of Syncrodisk Research Dept., the organization which provides the apparatus. Preceding the installation, engineers of that company conduct a preliminary investigation to decide upon the exact apparatus, and to determine any changes that may be needed in the theatre building.

The equipment is installed under supervision of an engineer of the organization who in addition sees that whatever supplementary work was needed in the building has been carried out properly. As the work proceeds he sees that the equipment is so placed and so regulated as to give the best results, and as the various pieces of apparatus are made ready for use, he trains the projection room employees in their operation.

Although its need may not at first be fully apparent, the preliminary survey receives the most careful attention to insure that everything is in readiness for the work of installation to progress smoothly, and that the apparatus best suited for the particular theater will be used. Acoustic characteristics of the stage and auditorium receive thorough study, upon which in many cases the success of the installation rests. Size and location of the stage are noted for their bearing on placing the horns.

He must also appraise the acoustic characteristics, discovering any sections where there is an echo, interference, noise from an entrance source or any other hindrance to proper hearing. A final study of acoustic conditions is best made on completion of the installation.

The equipment installed will reproduce sound pictures successfully. This fact was demonstrated under actual working conditions before it was purchased. It is the disc system, used by Warner Bros. (originators of talking pictures) on their first talking picture and still used exclusively by them.

ing, dancing, charming star Ruth Chatterton, the distinguished artist of the stage, in two all-talking dramas; Evelyn Brent in two delectable all-talking hits; Timothy Shepley's famous novel, "Sarah and Son," made into an all-talking drama smash; Hal Skelly and Ester Ralston in "Behind the Make-Up"; Richard Arlen in four strong, all-talking dramas; Clive Brook, Evelyn Brent and Warner Cland in "The Return of Sherlock Holmes," an all-talking mystery thriller.

In conjunction with the Paramount new show world feature outlined above, the Colonial will also present the best of the new type entertainment in sparkling two-reel format. Such short features as Christie and screen songs.

In addition to the entire production from the Paramount studios, the Colonial has also secured the finest of other products the market affords; which will provide a diversification and choice of product to excel in any city.

FORD PEOPLE IN NEW SHOW

On July 10 when the Motor Co. took over the Ford Dealership here they immediately began a program of remodeling, repairing and building. They have spared no expense to better serve the Ford owners in this territory. They have stalled the latest in tools and machinery to speed up their work and enable their Service men to give the customer a better job in less time.

They have recently moved to their new shop at the rear of the building on Center Street and are now in a position to take care of any need of the Ford owners.

FLY'S SANDWICH SHOP FAVORITE OF STUDENTS

Lunches are playing a big hand in the Fly Drug Fountain. School children are making good use of the new department. Sandwiches of almost any kind can be had on short notice, which is another good feature of the student body. Tourists have had a big part in making the Sandwich Shop a big success. Tomatoes, lettuce, mustard, salad dressing, and pickles are all used to make an appreciated lunch.

BOYHOOD DREAM COMES TRUE FOR RICHARD DIX.

Thirteen years ago a boy saw the stage play "The Boomerang" ten times. Then an ambition was born to play the lead in that play. That boy was Richard Dix, the place was New York. That boy's dream has now materialized, in Hollywood, where he has just completed the all-talking Paramount picture "The Love Doctor," the screen name of the stage play.

were secured for the Colonial patrons.

Now the old show world is fast passing and a new and better one is taking its place. This new show world presents new characters heretofore unseen on the screen. Through

the medium of Syncrodisk we are able to "see and hear" our favorite of both stage and screen. The actor sits at his piano and plays—his motions and hear his music, as though he were in our very presence. The lips of the actor move and we hear his voice. An airplane pilot opens fire from his machine gun and lets forth its deadly roar.

Colonial in keeping with its aggressiveness, is giving Hondo a new form of entertainment. We are eager to give us not only the in motion pictures, but the very best as well. They have expended a huge sum that the theatre goes this section may "see and hear" motion pictures such as the largest offer theatre audiences.

Colonial's efforts are deserving commendation. The Hondo Herald joins others in offering congratulations and wishing them success in the new show world.

MUCH EXPERIENCE BACK OF SYSTEM.

Syncrodisk System In Close Touch With Sound For Years

The opening of talking pictures at the Colonial Theatre, following the installation of the Syncrodisk Sound System, marks the consummation of a long period of research.

The first public showing of sound pictures was made before a skeptical New York public in the summer of 1926. Despite imperfection in this initial exhibition, the possibility of making sound pictures a commercial reality was so vivid that motion picture producers immediately took up the trail.

Inside of another year ten of the leading motion picture producers had signed a contract to record sound and talking pictures. Meanwhile the work of equipping theatres to reproduce these pictures was going along.

The herculean task involved supplying new manufacturing facilities, and the organization of a trained technical staff to supervise the installations in the theatres and to make periodic inspections afterward to insure smooth, continuous operation.

By the end of 1928 only 1,000 American theatres had been equipped; but with the start of the present year installations were being made at the rate of 250 a month.

SUNDAY.

What are the young and old folks going to do on Sundays? As they have in the past, probably? Go to San Antonio to see a show and pay 60c to see one; dinner, supper, gas, drinks, etc. \$3.50 per person?

If it's not a show in San Antonio, it's a dance in some away off place. Learning to drink or already drinking, wrecking cars, and many unpleasant things you do not approve of.

Why not give the children and grown ups a show on Sunday afternoons and a night show after church?

I bet it would increase the church attendance and keep the younger folks at home and a darn sight cheaper.

THINK IT OVER!

SAN ANTONIO PUBLIC SERVICE CO., SOUTH TEXAS DIVISION, CO-OPERATES TALKIES.

Naturally being the dominators in electricity, supplying millions with a reliable, dependable and flood of surplus electricity, Mr. Gaudian was called on to offer his aid and experience in running new lines, setting up of new and larger transformers to make TALKIES better receivable. It is with the same interest that The San Antonio Public Service Co. is just as much interested in a steady flow of electricity, keeping the load evenly balanced and a steady picture on the screen. Not only has the Colonial received such co-operation but as a whole, a service is in waiting at any hour of the year for you to make use of.

BRIEFS FROM FLY DRUG CO.

A doll contest is the big idea. Last year a contest was held along these same lines. It was so successful and so pleasantly received by the public that they conceived the idea to repeat the contest. Fifteen dolls are to be awarded to little girls during this contest. Christmas goods are beginning to pile up in the store and much more is to arrive this week and next. Gifts will be plentiful from the general outlook at this store.

More than 2,000 theatres in the country are now wired for sound. Installations are being made at the rate of 250 per month and sound engineers predict that within a year 5,000 of the best houses in the land will be showing talkies.

HUMBLE GASOLINE AND OILS A. E. WEYNAND, Agent

MENU FOR BRIDGE LUNCHEON.

By Betty Barclay
Now that Fall has come and bridge
clubs are being reorganized, hostesses
are again facing the problem of what
refreshments to serve. I attended a
party the other day that was so at-
tractive that I want to tell you about
it.

For luncheon the hostess had a
fruit salad, cheese straws, coffee, a
meat dessert and colored mints. It
was not so much the menu though as
the way it was served that made the
memorable impression on all of us.
The salad was served in little
bowls. The hostess had taken a
toothpick and placed a round cracker
on each end, thus making a set of
handles on each axle. Then she put a
pin on each end of the toothpick
to a hub. On two of these axles she
used a thin strip of toast and on
each she put a leaf of lettuce contain-
ing the salad. Of course everyone
was impressed by the novelty of it.
Another thing that attracted at-
tention and provoked comment was
the coffee. It was delicious and
everyone accepted a second cup.
Coffee is a most appropriate bever-
age to serve at a bridge luncheon. Al-
though everyone likes it and most of us
find it beneficially stimulating. It
opens our faculties and warms the
sides of our heart without let-
ting us down below normal later.
But coffee, to be fully appreciated,
should be properly prepared. This
hostess explained that she had made
it by the drip method which avoids
boiling coffee. She poured the
water through the grounds but once.
Coffee should be freshly roasted,
lightly ground and served right after
made. The grind should be fine
so that all the particles of the bean
broken up to release their delight-
ful contents. Coffee that is not
fine is not fully utilized. The
drip of coffee extracts undesirable
elements from the bean and gives
the beverage a higher caffeine con-
tent.

VALUABLE LITTLE THINGS.

The things called attention to may
be valuable if one will use energy
and judgment in trying out sugges-
tions offered by those of experience
and observation.

I am writing from my own experi-
ence and assert that one acre in
corn and a quarter of an acre in
common sun flowers near the farm
will be worth more than that
land in corn, oats, cotton or

The plants furnish food for hogs,
poultry, cattle, mules and horses.
They afford shade for poultry and
protect young poultry from hawks.
These plants will check drain, or wash
on the farm, and if grown on a poor
acre of land for a few years, that
acre can be planted in corn, cotton,
melons, hay or potatoes and make a
yield of about double the land join-
ing it.

With these plants you make poor
land good and good land better.

Gather sunflower seed now; gath-
er blood weed in October. Break
your land, sow seed any time from
February 15 to March 15. Run har-
row, brush or log over it or you can
dig up soil where the weeds grow and
scatter the dirt on the broken land.
Once you get them started they reset
the soil.

It takes some work to get a start
of these weeds. If you are a member
of the Sons of Rest or a joy rider you
want to try it. Or if you are like a
man who was found sitting in a park,
another man stepping up asked,
"Who are you?" He said: "By God,
Sir, I am the man who never took
any man's advice."

It seems we have some men in this
country who are like that man in the
park. Therefore this article may not
appeal to them.

LEA BEATY.

LITTLE THINGS WORTH KNOW- ING.

If you, Mr. Farmer, plant two acres
of Sorghum for hay to get enough
out of the two cuttings, crops for
your stock, let me advise you to plant
four acres and cut only one crop and
get more and better hay. The first
crop is better and cures better than
the fall crop and can be done when
other farm work is not pressing. The
roots of broadcast sorghum occupy
every inch of soil. Therefore, it draws
heavily on the soil. The second crop
does likewise and leaves the soil hun-
gry. Mr. Henry Mohfield of Guada-
lupe County showed the writer as
fine a piece of sorghum as was ever
grown, it was the thirteenth crop in
succession on that land. He said he
got enough hay for his stock the first
cutting and turned the other crop
under while green which kept the
land in a high state of fertility. This
is worth your attention, try it. You
will be satisfied and thank me and
Mr. Mohfield for the suggestion. It
is just good every day practical sense,
no mystery, or extra cost; in fact, you
save money by this way of having
better hay, more hay and better land
for less money. I tried the Mohfield
plan and found it much better than

the old plan of trying to get two crops
of hay, for often the second crop
fails and the farmer finds he does
not have enough hay.

SOUND PICTURES GIVEN AIRING WHEN EXHIBITORS OF TEXAS HOLD MEETING

Sound pictures, their problems and their relation to the motion picture theatre were given a thorough airing when more than one hundred Texas exhibitors gathered at the Baker Hotel to consider these problems. Never in the history of the M. P. T. O. of Texas has such animated interest in the discussions of any convention been so much in evidence as at this sound convention.

Exhibitors from all over the state began rolling into Dallas as early as Sunday night. By early Monday morning Film Row was literally swarming with the visitors, although the opening session was not scheduled to begin until 1:30 Monday afternoon.

Col. H. A. Cole, president of the M. P. T. O. of Texas, called the meeting to order at 1:45 p. m. Monday, announcing the purpose of that day's session to be the consideration of various types of sound equipment, the necessity of good acoustics in the sound house, and a general discussion of house problems.

In his opening talk, Col. Cole briefly outlined the trend of affairs in connection with the sound innovation, to date. He stressed the point that the advent of talking pictures had produced a real crisis in the motion picture theatre industry.

"It is not the purpose of this meeting," said Col. Cole, "to decide whether the small theatre owner should install talking pictures. That has already been decided for you. We must make sound installations. Whether we like it or not, sound pictures are here to stay and we must show the talkies if we are to survive."

Thus, it was pointed out, this sound convention was called principally to help exhibitors to decide what type of equipment to install in their theatres, to give them the benefit of the experiences of their fellow exhibitors who had previously operated sound installations, and to discuss means of overcoming the present system of rentals of sound films.

General discussion of various types of reproducers followed. Colonel Cole stated that it seems to him not so much a matter of what type of machine is best as what type equipment a given theatre can afford. He appeared to be convinced that the more expensive equipments are capable of correspondingly better results, although during the present vogue of sound-on-disc reproduction, he said the smaller theatres might do well to install less-expensive equipment such as those theatres may expect to operate at a profit and with good results. He unreservedly recommended that each exhibitor buy the best equipment he could possibly afford, and to see that it is properly operated at all times and under the best possible acoustical condition.

Walter King, head of the King Scenic Company, theatre decorators and experts in acoustical correction, next rendered an interesting lecture on the subject of Acoustics, demonstrating by illustration how acoustics might be corrected and the interior of the theatre improved by the same means. Mr. King was assisted by one of his designing artists who sketched in color the various points covered in Mr. King's talk.

Mr. King was followed on the speaker's platform by Geo. B. Hutzler, acoustical engineer of the Celotex Company, New Orleans. Mr. Hutzler told of the formation of the Society of Acoustical Engineers to provide an authoritative body for the study of acoustics and the correction of acoustical problems in America. He also gave interesting acoustical data and told briefly of the origin and early study of the science of acoustics.

Colonel Cole asked for a general discussion of acoustics and expressions from any exhibitors who had corrected the acoustics of their houses.

"We will do what we can, today and tomorrow," Col. Cole said, "to pass to you such information as may be at hand, give you the benefit of experience to date. After that, it is up to you, individually, to see that you shall belong to that number remaining in the business, and shall not join those who will be forced to close their houses."

By way of obtaining easible ex-

planations of the various types of sound reproduction equipment, several manufacturers' representatives present at the meeting were called to the floor. One by one they were asked to explain the advantages of their specific types.

NEW "U" NEWSREEL

Universal Pictures Corporation has just perfected a new talking newsreel that is entirely different from any other that has been produced, it is reported.

This is said to be the first and only talking newsreel that will present the actual spot news of the day, a rapid fire method of production having been developed by which it can be prepared for the screen practically as quickly as the silent newsreel. Consequently it will have all the newness and freshness of the silent reel plus the additional attractiveness of the talking feature.

The new plan entails the employment of a "Universal Newsreel Reporter" who will detail the news of the day to the public vocally as the scenes are presented on the screen, so that the theatre patrons actually hear the news described as the pictures unfold.

Hoot Gibson comes to the Colonial Theatre November 23, Saturday, in "The Long, Long Trail," Universal's high-powered riding, fighting, romantic picture of the West. It is a talking picture.

All the ingredients that go to make up the best action picture are in this production.

Hoot is seen at his best in a hard-riding, hard-fighting role, with plenty of humor to keep the balance even.

MORE ABOUT THE FAIR.

(Continued from first page.)

ed, the bid on these two pigs was \$10.50, fob, San Antonio. The offer was taken and Ralph figured a shrinkage of at least 20 pounds. On November 12 at 7:30 a. m. the pigs were weighed at San Antonio. The weight was 500 pounds, only one pound lost by shrinkage. No commission was charged and only 12 cents yardage. The check for \$52.38 net. All expenses was \$33.37 leaving a profit of \$19.01 in 62 days.

All of these club pigs were bought by Wilkes J. Kothmann of the J. W. Kothmann & Sons firm. Ralph thinks that it was fine of Mr. Kothmann to buy the pigs at \$1.25 above market price and the people of Medina County will remember the Kothmann's for being so generous to the boys for this will put more pep into them for next fair.

Besides the \$19.01, Ralph took first and second prize in the Junior class club pigs and was awarded premiums and tips from some of the men that will help make his profit number one. Ralph is very proud of Mr. Merritt for selecting the pigs. Also is thankful to Mrs. Merritt for working so hard to make this Fair a success.

OSCAR STRAUSS OPERETTA 'MARRIED IN HOLLYWOOD' AT MAJESTIC

J. Harold Murray who was the star of Rio Rita, and Norma Terris, the original "Magnolia" of "Showboat", are the stars of the Wm. Fox Movietone operetta "Married In Hollywood" which will be seen and heard on the Greater Majestic screen this coming week in San Antonio.

There are over 100 singing voices, a dancing ensemble of 60 and a symphony orchestra of 100, as well as thousands of supporting actors, and supers in this colorful musical extravaganza. Oscar Strauss composed the score.

The stage show is also a clever one and features "Evans and Mayo", "Don Galvan", "Lubin Lowry and Andre" and "Murdock and Mayo".

Lita Grey Chaplin, who married and divorced Charles Chaplin, will be seen and heard on the Majestic stage all of the week starting November 30th. Miss Chaplin has an act of song and dance and is making the vaudeville tour preparatory to her starring debut on Broadway in a musical show especially written for her.

Coming soon to the Greater Majestic in San Antonio is Joe "Fatty" Cobb, and "Scooter" Joe Lowry, the "Our Gang" kids, making a personal appearance in "Kidding the Our Gang Kids".

GIRL SCOUTS.

The Girl Scouts met at the home
of Doris Windrow, Wednesday night,
November 13, 1929. All except one
of the members were there.
After singing three songs, the les-
son was studied from the Scout book.
The lesson, "What a Girl Scout
Should Know About the Flag" was
very interesting.
As the meeting had not been pub-
lished, the names of the officers will
be given in this report. They are:
Bernice Chancey, president; Bernice
Speece, vice president; Mary Ruth
Wilson, secretary-treasurer; Gene-
vieve Brucks, patrol leader No. 1;
Mary Emma Finger, patrol leader No.
2; Doris Windrow, reporter; Miss
Ruth Watson, leader; Miss Sue
Healty, assistant leader.

YANCEY SCHOOL NOTES.

YANCEY TIGERS WIN CAMP WOOD BASKET- BALL TOURNAMENT

The Yancey Tigers, in spite of the coach not being able to go, motored to Camp Wood and fought themselves to victory. There were six teams competing for first place.

The first game of the tournament was played between Yancey and Brackettville. This was probably the fastest and roughest game of the series. The first half of the game the teams were well balanced, but the second half was somewhat one-sided. The final score was 29 to 16 in favor of Yancey.

The next game Camp Wood and Lakey played; Camp Wood eliminating Lakey. The Camp Wood boys saved themselves for the final game. In the next game Vance eliminated Barksdale.

Vance drew the by card and awaited the final game. The game between Yancey and Camp Wood was very fast and the game was nip and tuck until the last quarter. The final score was 20 to 16 in favor of Yancey. Captain Berry scored all the Yancey points.

The final game that night between Vance and Yancey ended with a score of 21 to 9 in favor of Yancey. The first half ended 7 to 5 in favor of Vance. Yancey came back strong in the second half and scored 16 points and held the opponents to 2 points.

Captain Berry was the strong offensive man on the Yancey team. The Tigers played strong defensive games as well as offensive. The boys had confidence in themselves, but realized that they had to fight to

win the tournament.

The Tiger quintet was a game from Big Foot played on the local court by the score of 44 to 4 last Friday. Every player on the Yancey team shared honors on the defense while Captain Coy Berry led his team with 34 points out of the teams total score of 44 points on the offense.

The Tigers will meet Moore in Devine Friday night, November 22. The Tigers' line-up: Bahmfalk, Berry and Burgin, forwards; G. Fasel'er, center; M. Ward, Mofield, McCaughn and R. Fasel'er, guards.

YANCEY FUTURE FARMERS OF TEXAS NOTES.

Some of the boys of the Yancey Pig Club exhibited their pigs at the Medina County Fair. James Fohn won third prize, \$2.00, on his Duroc Jersey barrow, while a pen of five barrows exhibited by Roy Hartman and Edwin Bahmfalk won second place and \$3.00 in money. The pigs were sold to Mr. J. W. Kothmann, commission man of San Antonio, at a bid of 10 cents per pound.

Each boy made a handsome profit on his pig, the exact amount is not available at this time but will be published when all pigs have been sold.

James Fohn also won first place on a collection of arrows exhibited at the fair. James is going to be a real business Future Farmer of Texas as he keeps on being as conscientious with his work in the future as he has in the past.

Mrs. C. J. Wiemers also exhibited her fine strain of Bronze turkeys at the Medina Fair winning first on young pen; first on young tom, first on heaviest hen; first on old hen; and second place on her young hen.

Besides the above prizes she also won second place on her Pekin ducks.

On Tuesday the Yancey live stock, poultry and dairy judging teams, with their coach, Mr. Roensch, took in the judging contest held at the San Antonio Fall and Race Fair for the Vocational Agricultural boys of South Texas. However, not winning any cups or rewards, they made an exceptionally good showing to place second in live stock, fourth in poultry and fifth in dairy judging.

The members of the F. F. T.'s also sponsored a chewing gum sale the past week which netted them \$15.75. The proceeds were donated to the boys basketball team to buy a basketball.

On November 5 the F. F. T.'s put on a poultry culling demonstration at Mr. Charlie Ward's poultry farm.

One of the main objectives the Future Farmers are trying to work out is a terracing program. This task was set at 10,000 acres and are asking any one in the Yancey community who wishes to have land terraced to please list same with one of the boys or T. H. Roensch, their instructor. The boys are trying to work out a real agricultural program and are, therefore, asking the people of the community to encourage them and call on them for service.

PIONEER LYTLE WOMAN DIES AT AGE OF 75.

LYTLE, Tex., Nov. 18.—Mrs. Alice Rose, 75, who moved to this vicinity before the town of Lytle was built, died here at 8 o'clock Monday night.

Mrs. Rose was born in Prestonburg in October, 1852, and moved to a ranch on the Medina River, nine miles west of Lytle, with her parents in 1854. Castroville was then the only town to the south between San Antonio and Fearsal.

She lived on the ranch eight years, moving to within two miles of the present site of Lytle in 1879. In the same year she was married to W. T. Lytle, after whose family the town was named in 1882 when it was built. After the death of her husband in 1892, she moved to town, and in 1896 married B. E. Rose, who died in 1900.

She was a member of the Methodist Church and of the Lytle Chapter No. 35, Order of the Eastern Star.

She leaves one brother, Tom Trimble, of Austin; one sister, Mrs. J. T. McDaniel, of San Antonio; three daughters, Mrs. Mabel Carrington of Marques, Mrs. Margaret Blathewick and Mrs. A. J. Gidley of Lytle, and two sons, E. T. Lytle and Jack Lytle of Fort Worth.

JUNIOR BRIDGE CLUB.

Mrs. L. E. Kollman, Jr., delightfully entertained the Junior Bridge Club, and a number of guests at her home on Friday afternoon. Lavender and white daises were used for decorations. Guests were Mesdames Horace Bradley, Earl Boon, Ed. Connevey, Barnitz Carle, Elmer Leinweber, Alfred Rath, Richard Reiy, Henry Merriman, Charles Monkhouse, Eugene Mofield and Robert Kollman.

SOPHIAN CLUB.

The next regular meeting of the Sophian Club will be held at the High School auditorium on Wednesday afternoon, November 27. Mrs. C. J. Monkhouse will be hostess. Miss Sue Heatly will give a literary criticism of Harvey Ferguson and Mrs. R. W. Gaines will review his book, "Wolf Song" and discuss his means of obtaining local color.

CHILD BREAKS LEG.

While at play with some other children Monday evening, John Martin Finger, son of Mr. and Mrs. Charles Finger, fell in such a way as to fracture his right leg just above the ankle. He is resting well but will have to keep to his bed for three or four weeks.

POSTED.

The two Decker pastures and the two Charles Martin pastures are posted and all hunting and trespassing with guns or dogs and all trapping is forbidden under penalty of law.

BAPTIST BOYS ORGANIZE BASKETBALL TEAM; PLAY UNDER NAME OF BADGERS

Expect to Have Fast Quintet; Plan
To Match Games with
Many Opponents

A basketball team has been organized by the boys of the B. Y. P. U. of the local Baptist church. At their first meeting they chose as their team name Badgers and will be known as the Baptist Badgers. They are to be outfitted in flashy uniforms of purple and gold. Henry Windrow was elected manager of the team; Glenn Jones, temporary captain; Leo Pettis, treasurer and Carter Snooks, secretary.

The team, only two weeks old, already numbers 11 members and will start practicing next week. The Badgers are matching games with fast teams from San Antonio to be played both at Hondo and away from home. Boosting several veterans around whom to build their team and hoping to develop soon the Badgers intend to meet as many of the high school and independent teams in Hondo's territory as possible.

Teams desiring to match games with the Baptist boys can secure information by writing Carter Snooks, box 325, Hondo, Texas.

BIRTHDAY PARTY.

On Thursday night, November 7, Bernice Mofield was honored with a birthday party given by her mother, Mrs. Mary Mofield and her sisters, Mrs. A. W. Montgomery and Mrs. H. B. Wernette of San Antonio. This occasion was Bernice's sixteenth birthday. After several games of bridge were played, it was found that Mary Ruth Cameron had high score, and she was awarded a box of bath crystals. Evelyn Kimney was awarded the cut prize which was a box of dusting powder. Refreshments consisting of frozen fruit salad, chicken sandwiches, saltines, punch, cake and mints were served to the following: Misses Mary Ruth Cameron, Lucile Boon, Elizabeth Holloway, Eleanor Heyen, Lillian Schroeder, Gladys Fusselman, Jo Nell Rothe, Frances Finger, Ava Embrey, Evelyn Kimney, Oro Harlee and Alyce and Eleanor Grona, Mrs. A. W. Montgomery of San Antonio and Bernice and Dorothy Mofield.

Crowded out last week.—Ed.

A HONDO DEALER.

In the San Antonio zone the new Buick is winning nearly fifty percent of the total sales in its price class, according to official registrations for August, September and all available figures for October, C. R. Gaines of C. R. Gaines & Son, local Buick dealer, announced today.

"Buyers in this field had fifteen different makes of cars from which to choose," Mr. Gaines declared, "and almost half of them selected new Buicks, a record never before approached by any car in Buick's price field throughout a quarter century of motor car manufacture."

"And Buick's sensational sales were by no means confined to this zone! Of every hundred cars in Buick's price class sold in the United States in August, September and October forty-one were Buicks."

GRINDING FEED PAYS BIG.

By F. S. Brooker
Medina County, in Capper's Farmer.

Last summer I cut 10 acres of corn in the stalk, bundled it with the ears on, and stacked it after it was well matured. According to tests, corn matured in this manner and then ground coarse, makes a fine grade of feed for any kind of stock.

I purchased a feed mill, set it under a shed about 30 feet square and when the weather is dry I take this bundle corn, put it under the shed so I can grind it into feed when the tractor cannot be used in the field. When a rainy day comes I grind and sack

several hundred pounds of this feed for my own use and to sell. I have standing orders for several tons of this feed at \$25 a ton.

One day I was plowing with the tractor and about 10 o'clock it began to rain. I drove to the shed, belted up to the mill and ground half a ton of feed for \$15. I grind all of my other feed for hogs and chickens and realize a saving of 25 per cent over the old way of feeding whole grain.

Our country! In her intercourse with foreign nations may she always be in the right; but our country, right or wrong.—Deatur.
